“Every Student A Scholar”

May 29, 2009

Subject: Important School Health Policies

Dear Parents/Guardians,

We are sending this letter home as a reminder to follow the school health policies that are found in our handbook:

“If a student contracts a contagious disease, the student may not attend school and a parent or guardian must notify the school immediately. When the student returns to school, the student must present a physician’s certificate of fitness before being readmitted to his or her class.”

For the sake of your child’s health and the health of the other children, please do not send your child to school when he or she is not feeling well.

If your child has any flulike symptoms, such as a fever, body aches or coughing, please ensure that he or she receives medical attention from a doctor and that you receive a certificate of fitness from the doctor before sending your child back to school.

Thank you for your cooperation with these important policies that are designed to ensure the health of our children.

Sincerely,
Rev. Paul D. Meyerend, High School Principal
Clive Earle, Elementary School Principal
