### “Every Student A Scholar”

12/18/2009

Dear Parent/Guardian,

This is just to inform you of a new and simple way to raise funds without spending any extra money or taking up any extra time.

*TerraCycle* is an environmentally conscious company who converts used drink pouches into unique tote bags, pencil cases, and other items. Every year billions of drink pouches end up in dumpsters and landfills across America. *TerraCycle*, Capri Sun and Honest Kids are working together to put an end to this awful loss of resources. As an eco-friendly innovator, *TerraCycle*, has committed to give *Christian Heritage Academy* \$0.02 per drink pouch **of any brand**. **Pouches only**, juice boxes are not accepted.

In an effort to help our environment and to raise funds for our school, we will be participating in ***TerraCycle's* Drink Pouch Brigade**. There will be designated bags or containers in central locations throughout the school, such as the lunch room and the classrooms of younger students. Students should place **empty drink pouches** in the designated place **without a straw**. They **do not** have to be washed or rinsed. At the end of every week, someone will come around to collect and replace them.

If you find that you use this form of drink pouch in your home, we are asking for you to collect them as well and have your child place them in their nearest designated location.

As a form of encouragement, our Penny Pinching Power Drive began just over a year ago and to date we have collected 2,671.50 for Missions. **Starting small is a wonderful opportunity to see how “little” becomes “much” when we work together to make something significant happen.**

Let's work together to make a difference in our environment and our school.

Alton Graham, Comptroller
